Groove's Purpose

The purpose of this Organization is to promote academic awareness and good ethical standards. To promote unity and fellowship among College and Graduate men. To create intelligent and effective leadership, and to study and alleviate those social and economic problems concerning boys and men in order to improve the stature of mankind.

49er Chapter' Mission

To be the premier organization on Campus, in the community and in the Nation of Groove Phi Groove. We strive for perfection and we believe as Black men that we must always put our best foot forward to show why we are a force to be reckoned with on UNCC's Campus.

National History

Founded October 12th, 1962 at Morgan State University by 14 Men with a vision of what an organization centered "True Brotherhood" should reflect. Rooted in the African Diaspora we are an organization founded in a time when the Black male was being redefined by his style, his demeanor, his power, his pride and his ability to lead others. Our Founders, the fourteen pearls, truly, continue to show their strength and commitment to the Organization and continue to provide that "everlasting light" of wisdom that will guide the Fellowship further than their wildest dreams.
